

CLASS EVENTS AT COLLEGE TO BEGIN SUNDAY

Graduates Will Be Speakers At
Annual Commencement
On Wednesday

Lawrence commencement will begin Sunday morning and continue through Wednesday. The usual baccalaureate sermon will be given Sunday evening by Dr. Samuel Plantz. Monday will be class day with the traditional exercises in the afternoon, while in the morning the Athena reunion will take place. The joint meeting of the board of trustees will occur in the afternoon. In the evening the commencement program of the conservatory will follow a musical program.

Tuesday is alumni day. The Phi Beta Kappa program will take place in the morning, followed by the alumni luncheon and business meeting. The alumni banquet will be held in the evening. All the speakers for the programs are former Lawrence people. The commencement exercises will take place at Lawrence Memorial chapel at 10:30 Wednesday morning. Four members of the graduating class will give orations. They are Herbert Heilig, Mathilda Harriman, Paul Ungrodt and Everett Hall. Miss Lillian Sindhil, a former Lawrence conservatory student who has attained considerable prominence in Chicago, will give the musical numbers for the Wednesday morning exercises.

The following is the program:
SUNDAY, JUNE 10
Devotional service—English literature room. 10 o'clock.
Address before religious associations. Memorial chapel. 11 o'clock.
Organ Prelude—Mrs. Laura Brigham. Anthem—Mrs. J. T. Quinlan, Mrs. William H. Nolan, Harold McGillan, Carl McKee.

Solo—Mrs. Quinlan.
Address—Rev. Harland C. Logan, Supt. Milwaukee district of Wisconsin conference of M. E. Church.
Postlude—Organ, Mrs. Brigham.

SUNDAY EVENING
Baccalaureate sermon—Memorial chapel. 7:30.
Organ Prelude—Prof. Frank J. Taber. Violin solo—Miss Marion Miller. Solo—Miss Caroline Hess.
Address—President Plantz.
Postlude—Prof. Taber.

MONDAY MORNING
Athena reunion program, Carnegie library. 10:30.
Athena songs.
Welcome—Marguerite Naving.
Solo—Alfa Linden.
Athena of the past—Mrs. Nellie Henderson.
Violin solo—Marion Ahearn.
Athena of the present—Edith Novatine.
Reading—Eula Mack.
Athena of the future—Mrs. Earle E. Emme.

Solo—Dorcas Jacka.
MONDAY AFTERNOON
Joint meeting of the board of trustees and visitors. Library. 1:30.

BUILDING PERMITS

Four building permits carrying estimates of cost totaling \$12,575 were issued from the city engineering office Tuesday. The grand total to date is \$74,655.

Tuesday's permits are:
Matt Spier, 1177 Spencer-st. garage.
Frank Hob, North Division-st. two houses and a double garage.
Tom Murphy, 1337 College-ave. porch.
Paul Wuthuhn, 1084 Richmond-st. basement.

Senior class day exercises—Memorial chapel. 2:30.
Piano solo—Lucille Meisel.
Class prophecy—Karl Windesheim.
Solo—Dorcas Jacka.
Class poem—John Sullivan.
Class will—Olive Chapin.
Solo—Winfield Alexander.
Presentation of the spade and spoon.
Ivy oration—Helen Sowie.

MONDAY EVENING
Conservatory commencement—Memorial chapel. 8 o'clock.
Musical program.
Presentation of diplomas and certificates.

TUESDAY MORNING
Business meeting of Phi Beta Kappa—Studio, Peabody hall. 10 o'clock.
Phi Beta Kappa oration—Peabody Hall. 11 o'clock.

Solo—Prof. Percy Fullinwider.
Oration—Prof. George Fuller Reynolds.
Ph. D.
TUESDAY AFTERNOON AND EVE.
Alumni luncheon—campus. 12:30.
Alumni business meeting—1:30.
Alumni reunion exercises—2:30.
Alumni Banquet—Sage Hall. 6:30.

WEDNESDAY MORNING
Commencement exercises—Memorial chapel. 10:30.

Organ procession—Prof. Taber.
Vocal solo—Miss Lillian Sindhil.
Oration—Herbert Frank Heilig.
Oration—Mathilda Harriman.
Opera selection—Miss Sindhil.
Oration—Paul Ungrodt.
Oration—Everett Hall.
President's address to senior class—Dr. Plantz.
Awarding of diplomas.
Announcement of honors and prizes.
Benediction.
Postlude—Prof. Taber.

See the "One Hour Dress" at Pettibone's.

I SPIED TODAY

MUCH ADO ABOUT BERRIES

One box of strawberries and a few from another box gave an old man a great deal to do on Tuesday afternoon about 5 o'clock. He was in Polzin's grocery store when I first saw him. He finally picked out a box, looked it over carefully, took a few berries from another box and put into it, then he asked the price. Immediately he put the berries back and went out. In a short time, he was back looking for the same box and finally had it wrapped up and took it home. Mrs. F. J.

BUT IT WAS COLD COAL
Sunday evening when most people were staying outdoors because of the intense heat and lack of breeze, I saw a sign which made me want to think about. We passed a house on Summer-st. where a young woman, dressed in blue silk, was resting her bare feet on the nickel foot rest of a coal stove. Mrs. E. P.

MAY BE COLD BLOODED
I thought everybody was suffering from the heat until I saw a young woman in front of the Appleton Hotel wearing a large fur coat. She seemed quite unconscious of the fact that it was summer. R. G.

ADVERTISE BIG SHOW
I noticed a sign this morning on a telephone pole at the corner of Cherry-st. and State-st. which shows that even children realize the value of advertising. The sign read: "Notice—Big show in Burk's Garage—June 16, 1923. Children under 5 years 1c; over 5 years 2c. Two shows and two stories." E. M.

\$500 NEEDED FOR GOURAUD'S VISIT

Wisconsin will have to subscribe \$500 as its share of the expenses involved in bringing General Gouraud to America. If Milwaukee, Fond du Lac, Oshkosh and Appleton are interested in having the distinguished general visit these cities on his itinerary.

Such is the information received by John E. Hantschel, secretary of the local Rainbow division war veterans. From Col William J. Donovan, president of the national organization of Rainbow men.

General Gouraud will be the chief speaker at the national reunion of Rainbow men in Indianapolis in July. Appleton was one of the first cities to ask the general to come to Wisconsin. The Appleton Chamber of Commerce has been asked to assist the veterans in their endeavors.

Barneyard Golf Favorite Sport At Court House

Court house officers and employees have found the game of horse-shoe not only a healthful exercise but also excellent practice for that other exciting game of throwing one's hat into the ring. With some of the novices, however, the horse's footwear has a peculiar habit of sticking to their fingers.

Those who have proven themselves especially adept at the game of barneyard golf are Anton Oppgaard, acting assessor of incomes; John F. Hantschel, county clerk; Carl Becher, highway department accountant, and Wilbur Bogan, county motorcycle officer.

Big Musical Revue, Brighton Beach. Dancing every night.

HERE IS CHANCE FOR CAR DRIVERS TO EXCHANGE TIPS

Post-Crescent Asks Cooperation
Of Car Owners In Giving
Road Hunches

Among the favorite diversions of automobile drivers, when they get together, is to discuss places they have visited with their cars and the condition of highways they passed over. Many an excellent tip of considerable value to the motoring public in general has been lost because there was no ready means of giving it publicity.

The Appleton Post-Crescent wants to be of assistance to automobile drivers this year by giving them accurate information concerning highways, routes and places of interest. Preparations are being made for collecting and disseminating this information but to make it really worth the cooperation of drivers is necessary.

Automobile drivers are requested to write, or telephone, the Automobile Editor of the Post-Crescent when they have information that might be of interest to other drivers. Routes for weekend trips, places of interest that might be visited, conditions of highways, short or beautiful routes that drivers might take, anything that will interest automobile owners, is wanted.

State Highway 39, which heretofore has terminated at Gillingham's corners, where it joined with Highway 15, has been extended into Oshkosh to the corner of Main and Algoma-sts. The state highway commission has announced that the route will be marked into Oshkosh. Highway 39 crosses Highway 15 at Leppia's corners in Greenville and is routed over the Hortonville-New London concrete road. Its northern terminus is at Woodruff, Oshkosh, where it joins Highway 10.

Rapid progress is being made in highway work in Fond du Lac-co. According to J. S. McCullough, paving work is far ahead of the same period last year.

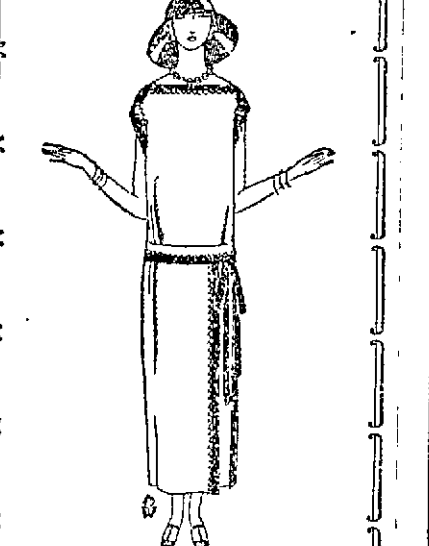

"Almost two miles of surface have been placed this year," said Mr. McCullough. "as compared with less than one mile at this time last year. The same number of mixers (four) are in operation this year as last, and the work is progressing very satisfactorily."

Paving operations are now in progress on Highway 55, the county line job; 58, north of Peesbles; 23, Rosendale east; 49, out of Waupun; and 91 on the Ripon-Oshkosh road.

Automobile drivers are cautioned against "stepping on her" on Highway 15 Washington-co. A speed officer has been appointed and he thinks it part duty to hide behind garages or in bushes and ambush motorists who approach the speed limit. He has made a number of arrests and is giving his county a bad name. Motorists say he is particularly active in the neighborhood of Slinger.

Construction is in progress on the new highway 17 between Fox Point and Port Washington. Much better than to try and follow this route with its various detours, is to follow 57 (Green Bay-av) to Grafton and there turn east to new 17 for the run to Port Washington over new concrete. For those who wish to connect with 68 for West Bend or follow out 57, county trunk highway H (Cedarburg to Fredonia) is a fine detour. This county road is in vastly better condition than the average state trunk highway.

At Asylum Convention
Thomas Flanagan, superintendent of Outagamie-co asylum, and Mrs. Flanagan, will attend the state convention of county asylum officials in Oshkosh Wednesday and Thursday. The program includes talks on problems of asylum work.

100 Rural Schools Will Join Here For Graduation Event

County Commencement Programs Will Be Held At
Theater Friday—Amundsen
W. E. Smith Will Be Principal
Speakers

Friday will be graduation day for about 100 rural and state graded schools in Outagamie-co. The joint commencement exercises will be held in Appleton theater in both the forenoon and afternoon. Parents of pupils have been invited to attend. Approximately 200 pupils will be granted diplomas by Miss Florence S. Jenkins, county superintendent of schools.

Appleton Chamber of Commerce is cooperating with the county school officials in making this an event of interest to rural inhabitants of the county. On account of the crowds expected from the country and the limited space in the theater the officials felt that an invitation to the general public to attend would not be practicable.

The speakers for the day are Robert A. Amundsen, county agricultural agent, and W. E. Smith, former superintendent of schools of Waupaca-co. A motion picture will be shown during a part of the day. The noon refreshments will be served in the City park.

Midnight Oil Ceases To Burn At Lawrence

The last class of their college days for more than 100 graduates of Lawrence college and many more who will not return to their studies took place on Tuesday at the college. Final examinations began on Wednesday and continue through the week and on Monday of next week. Seniors who have a grade of 85 in any course are not required to take the final examinations. Many seniors will not have to take any, while some will have one or two, in the subjects in which they have had low grades.

Dr. O'Keefe, Dentist, Ins. Bldg.

Monopoly? No!

MONOPOLY is abhorrent to the minds of the American people and will not be tolerated by them.

Monopoly means arbitrary control; it means curtailing opportunities for the individual and such curtailment strikes at the root of American institutions.

The Standard Oil Company (Indiana) is American to the core. It has no desire to achieve a monopoly, believing that, because of its carefully worked out plan of organization, its admitted efficiency in every department and its carefully trained, hard-working, loyal body of employees, it has no need for arbitrary control to meet any competitive condition which may arise.

The detailed service, the insistence upon quality, and the consistently fair price at which its products are sold, insure the company its fair share of the business in ten Middle Western States where it is organized for service.

No organization can acquire a monopoly in the oil business. The source of supply of raw material is too scattered and its value is too great for any one company to get an effective control. Without such control monopoly is impossible.

The Standard Oil Company (Indiana) is the largest single factor in the oil business of the Middle West. Yet, the principal source of its crude oil supply is in the hands of others.

Its competitors have twice as many service stations as it has, and about an equal number of bulk stations, while their combined refining capacity is more than five times that of the Standard Oil Company (Indiana).

To indicate the futility of attempting to monopolize the oil industry it is only necessary to quote the following paragraphs from the New York Journal of Commerce:

During 1921 there were organized 936 new oil companies, with a total capitalization of \$1,255,675,000 and

During 1922, 784 new oil companies were organized with a capitalization of \$1,639,693,000.

The Standard Oil Company (Indiana) is growing as the need for its products and service grows. It is ambitious, not to secure a monopoly of the oil business, but, to maintain a steady, healthy growth, by rendering the greatest service possible to thirty million people in the Middle West.

POUR CONCRETE ON NEW COUNTY ROADS

Rapid Progress Is Made By
Contractors On Main Highway Projects

Concrete is being poured at two of the concrete road projects of this year's highway program, and drainage structures are nearing completion on the other two.

About a mile of concrete has been laid on the Dale-Medina-rd., a four-mile federal project, on which Greunke Brothers are working. Nearly all of the concrete has been poured on the two-mile section of the Greenville-Stephensville-rd. where Simpson-Parker are at work. The raising of the dirt shoulders will soon be undertaken.

Work has progressed on the 2½ mile stretch of concrete on the Seymour-Appleton-rd. Parker & Wunderlich, besides grading about a mile, have nearly completed the drainage structures. William Tate who has the 1½ mile concrete job on the Clintonville-New London-rd. is at work on both the drainage structures and has also done some grading.

Asks "Y" To Find Home For Boy, 13

The father of a 13-year old boy, whose mother is dead has written J. L. Boynton, employment secretary of the Y. M. C. A., that he would like to place his son in a good home for the summer where he can earn his board and clothes. Should conditions be mutually agreeable he would not be averse to having him remain longer providing the family would be willing to send him to school in the fall. The secretary is in position to give any desired information concerning both the father and the boy. The same father applied to Mr. Boynton two weeks ago for employment for his 16-year old son, who was placed in a good position without difficulty.

Within the last few days a number of college and high school students have filed their applications for employment. All of them are willing to do any kind of work in order to secure funds with which to continue their studies the coming year.

The demand for common labor is greater than the supply. The scarcity has boosted wages which are now higher than they were a year ago. One firm telephoned Mr. Boynton Monday that it was in need of 20 men at once and he was unable to supply them.

For You and Yours The prettier teeth that millions now enjoy

There is a way to prettier teeth, and millions of people have found it. To their homes has come a new dental era.

Not only whiter teeth, but cleaner, safer teeth—new protection, lifelong benefits to many. Results which all desire.

The way is at your call. Your dealer will give you a ten-day test. This is to urge that you accept it and learn what this method means.

Film makes teeth dingy

Your teeth are coated with a vicious film. Feel it with your tongue. It clings to teeth, enters crevices and stays.

No ordinary tooth paste effectively combats it. So, under old methods, much film remained; and 49 in 50 people suffered its effects.

Food stains, etc., discolor film. Then it forms dingy coats. Tartar is based on film. That is why teeth grow dingy.

Film also holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay. That's why tooth troubles come.

Germes breed by millions in film. They, with tartar, are the chief cause of pyorrhea. And that is alarmingly common.

FREE
At Stores Named
See Coupon

Now easy to combat
Dental science has sought ways to meet this situation. Two methods have been found. One acts to curdle film, one to remove it, and without any harmful scouring.

Able authorities proved these methods effective. Then a new-type tooth paste was created to apply them daily. That tooth paste is called Pepsodent. For years leading dentists all the world over have been urging its adoption. Now it is used by careful people of some 50 nations.

Old mistakes corrected
Research also proved that old-time tooth pastes did two things detrimental. They reduced the alkalinity of the saliva. That is there to neutralize mouth acids, the cause of tooth decay.

For careful people
Pepsodent is for dainty people who want whiter, cleaner teeth. It is for careful people who want better tooth protection.

You meet them everywhere. You see glistening teeth wherever you look. Now we urge you to learn how folks get them.

Present the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear. Watch the other good effects.

Do this now. The test is delightful. Its results will be a revelation to you.

Avoid Harmful Grit
Pepsodent curdles the film and removes it without harmful scouring. Its polishing agent is far softer than enamel. Never use a film combatant which contains harsh grit.

Pepsodent

FARM FORESTRY

Timber is a natural farm crop. Nearly one-third of the forest land in this country, or about 150,000,000 acres, is owned in small areas by farmers. In addition to this woodland there are millions of acres on farms which should be growing timber, but are at present lying idle or unprofitably used for other crops. How to make such land productive is a big national problem, for the future timber supply of this country must be produced largely by the farmers.

At present the average farm forest is not profitable, due to lack of proper management. It is not adequately protected against fire, insects, fungi, excessive grazing and other enemies. Weed or worthless trees are permitted to replace or hinder the growth of commercial varieties. The practice of forestry is new in this country and the farmer, like the average citizen, knows little about its application. The farm owner cannot be expected to master the technical details of woodland management without assistance. From the experience gained in the past decade through a nation-wide plan for carrying agricultural instruction to farmers, which has resulted in great financial advantage to the farmer, as well as to the public, through the resultant increased production, there is good reason to expect similar results by applying this system to woodland management. With agricultural agents in over two-thirds of the counties of the country, whose duty it is to bring to the aid of the farmers special knowledge concerning their various problems, an organization of remarkable benefit to farmers has been established.

While this plan has worked successfully for the betterment of field crops it has not been applied to timber growing, although in many of the eastern states a third or more of the average farm is in woodland. Several states however, tried out forestry extension on an experimental scale with most satisfactory results. In some states the agricultural colleges, and in others the state foresters, have been trying to help the farmers solve their woodland problems. It is not practicable to include these farm woodlands in national, state, county or township forests, owned and controlled by the public, but they represent in the aggregate such a large part of the total wood-producing land of the country that everybody has a vital interest in their management.

In these days of high taxes there is a more insistent demand that public moneys be spent efficiently. A dollar spent in showing the farmer how to make his own woodland profitable will produce more timber than many dollars spent in growing public forests, because the farmer owns the land, carries the investment and takes all the risks involved in bringing the crop to maturity. The people in general, however, must take an interest in the farm forest or this great area of land will remain idle, or not fully utilized, to the loss of both the farmer and the public.

LUCK IS WITH THE HOUSE

Men and women who take chances to get rich quick in any sort of gambling, whether fake stocks or games of fortune, should note the financial statement of the Casino at Monte Carlo. The Casino's net profits for the year are reported at

\$4,361,600, a gain over the preceding year of \$264,900.

Luck is always with the house. A few of the thousands or millions of chance-takers make winnings. Somebody has to pull down a little money now and then, so that the wonder-eyes of the hopeful may be kept wide open.

The managers of the speculating and gambling concerns make sure that luck will not be against them. They do not believe in chance. They take the money and let the believers in fortune have all the chances.

BRIBERY IN COVET RUSSIA

In Russia nearly four thousand persons have been found guilty of giving or accepting bribes. Sixty-one of them were sentenced to death and more than twenty-five hundred to imprisonment for two to ten years.

There should be no bribery in a socialist land. Nobody is allowed, under communism, to own property or to receive any more goods than he absolutely needs. The significance of the bribery convictions is that many of the communists have something to give and want to have something. In a country where property is owned in common, the most natural consequence is bribery and every sort of crime.

FACTORY WOMEN

Considering the increase in our population, there are fewer women engaged in gainful occupations now than there were in 1910. Contrary to the general impression, points out Mary Randerson, director of the women's bureau of the department of labor, the war did not foster upon woman a desire to become a wage earner. What increase there has been has come naturally, but it is much less than the increase in population.

The statistics, however, are not so satisfactory when it is considered that there were more women engaged in factory work in 1920 than there were in ten years previous. No occupation reacts so unprofitably against the nation as a whole as the participation of women in industry. This, as Miss Anderson aptly points out, is one of the chief indictments that could be made against our industrial system. Even considering the necessity which sometimes compels future mothers to turn to the factories for a livelihood, the country may well take steps to lessen the practice.

THE DOPE TRAFFIC

Refuting charges that federal administration of the Harrison drug act has proved a failure, Federal Prohibitioner Haynes cites that since the government took over prosecution of the narcotic vice the per capita consumption of drugs has decreased over fifty per cent.

The figures if correct are encouraging; in view of the frequently recurring reports of an extensive use of drugs in many sections of the country.

Sales by manufacturers for the fiscal year which ended June 30th, 1921, were sufficient for one and seven-eighths grains of morphia per capita, while the decrease in 1922, as narrated by Commissioner Haynes, indicates that this figure dropped to a bare seven-eighths. If the figures are accurate, the government would seem to be improving the situation materially.

TODAY'S POEM

By Berton Eraley

THE HERMIT

The hermit sat in his lonesome cave,
Behaving as hermits shouldn't behave.
For he spoke up loud and he yelled it clear,
Oh, gosh-a-mighty, it's lonesome here!

"I had a trouble, I had a woe,
My heart was broke and my spirits low,
And I felt so doggone bad inside
That I went and I came out here to hide.

"But gosh-a-mighty, I'm tellin' you,"
(It was empty air he was speaking to)
"Although I'd fet from the busy throng,
I found my trouble had come along!"

"It sat at the table, it shared my bed,
It filled my heart and it filled my head!
I'll tell the universe life is bum
When trouble is all that you've got for chum.

"An' 'way out here in this lonesome spot,
I've come to see that a guy has got
To face his trouble—for come what may,
It's wholly useless to run away.

"I'm going back to the place I came,
To fight my battle an' play the game,
Just like the others, who, I opine,
Has got their trouble the same as mine!"

"An' maybe I'll find some friend who'll be
Willing to listen at times to me
When I spill my trouble into his ear
For gosh-a-mighty, it's lonesome here!"
(Copyright, 1923, NEA Service, Inc.)

A fool laughs when his wife gets mad, while a wise man runs out and takes in a movie.

The middle of this month is when we borrow enough money to pay our income tax again.

Health Talks

BY WILLIAM BRADY, M. D.
Noted Physician and Author
Dr. Brady will answer all signed letters pertaining to health. Writers' names are never printed. Only inquiries of general interest are answered in this column, but all letters will be answered by mail (written in ink and a stamped, self-addressed envelope is enclosed. Requests for diagnosis or treatment of individual cases cannot be considered. Address Dr. William Brady, in care of this paper.

THE NEW DIABETES REMEDY

The medicine called "insulin" of which so much has been said in the last year, is a purified extract prepared from the pancreas (sweetbread) of the ox in such form that it may be administered by hypodermic injection about the time of each meal for as long as the case may seem to require.

Exhaustive extracts have been used for years in medicine, for diabetes and for other conditions in which artificial aids to digestion were required, but this new preparation is free from proteolytic extracts which is present in the ordinary pancreatic extracts and which would render hypodermic administration in this way unsafe.

The new medicine was discovered and worked out by Dr. F. G. Banting, who at the time he conceived the idea of preparing such a remedy, was assistant in physiology in Western University, London, Ontario. The idea occurred to him while he was reading an article by another physiologist, Barron, describing some experimental work on the pancreas and its function in animals. In fact this new remedy is another in the long list of modern miracles of science for which we must thank the research workers in relation to animal experimentation in finding remedies for human afflictions.

The most striking results in the use of "insulin" in the treatment of diabetes have been obtained in the cases of children and young adults, cases which heretofore have been hopeless. The effect of each hypodermic dose of the medicine, just before or at the time of the meal, is to enable the body to utilize, assimilate or metabolize the carbohydrates (starches and sugars), a defective capacity to utilize which constitutes the disease, diabetes. The patient is allowed increasing quantities of these ordinarily forbidden or restricted foods, by the aid of the regular dose of medicine he utilizes or assimilates the more liberal diet, gaining strength and weight, finding a new appetite and vigor, suffering less from thirst day by day, and in fact recovering or developing fairly vigorous health.

As the patient improves the amount of carbohydrate food he may take and assimilate is increased, and with it the amount of "insulin" must be increased to enable him to assimilate the food. Whether the hypodermic injections may be eventually omitted when the patient has recovered practically normal health, without a relapse to the former condition, is a question which cannot yet be answered. But even though the effect of the remedy is only temporary, what a wonderful boon it is for young diabetics, particularly for those who have to undergo an operation and for those who have some coincident disease such as tuberculosis; heretofore it seemed almost impossible to fortify or strengthen these patients since there was no means of enabling them to utilize or assimilate sufficient food.

The discoverers of "insulin" have assigned their rights in the product to a committee of the University of Toronto, patents have been applied for in Canada, the United States and other countries. The committee of the university has made an agreement with an American firm regularly engaged in the manufacture of such biological products to produce and market "insulin."

The administration of this medicine requires special medical knowledge; if administered without caution it is capable of producing grave consequences.

QUESTIONS AND ANSWERS

Oh Doctor, Doctor

Sore foot—had the bone scraped several times—a tendon black of heel stretched—in plaster of paris for weeks—nature doctor put her on a diet, no meat or starchy foods, only fruit and vegetables and four lemons a day—another doctor said lemons the worst thing she could take. . . . S. I. B.

Answer—Vegetables are the starchy foods. It seems to be a complicated case. The condition described is evidently some infection or bone or joint in the foot, and probably too many neighbors and friends taking a hand in the treatment.

Kather Is Out Thirty Bones
I am 11 years old and I am crazy about a bicycle. My father says it would make me thin or I would get run over. My mother had one, and so did both my brothers, and my best chum has one. I know my father will let me have one if I can get you to say bikes don't do girls any harm.—Edith E. M.

Answer—The danger of getting run down by an automobile is the only real objection. Bicycle riding is fine for girls and next to a new pipe, I can think of nothing a dad can buy that will afford him more pleasure than a new bike for his little daughter. (Copyright National Newspaper Service.)

LOOKING BACKWARD

TWENTY-FIVE YEARS AGO

Wednesday, June 8, 1898

T. E. Nash of Nekosia was in Appleton on business.

Postoffice Inspector Ralph Bird of Milwaukee was a caller at the local postoffice.

L. D. Smith and William Gerbrick were at Neenah the day previous where they spent most of their time fishing.

Mrs. J. W. Appleton and daughter Rose, left for northern Wisconsin and Michigan, where they were to spend several weeks with relatives and friends.

Thimany Paper and Pulp company moved into its new addition the day previous.

At a meeting the previous evening, the library board decided to order \$50 worth of new books. The library now has 3,600 volumes.

Kathleen Blanche, 4 months, daughter of Dr. and Mrs. James V. Canavan, died of lung trouble.

The Odd Fellows elected the following new officers: Noble grand, William Wilson; vice grand, John Montgomery; recording secretary, Florian Harriman; financial secretary, C. E. Spicer; treasurer, A. A. Barron.

Mrs. E. W. Potter, 84, died at the home of her daughter, Mrs. Tracy, Appleton.

The T. M. C. A. decided to turn its property, the old Congregational church site over to the public library.

TEN YEARS AGO

Wednesday, June 4, 1913

W. W. Griffin of Plymouth was an Appleton visitor.

Mr. and Mrs. Herman Jennerjahn of Waukegan visited Appleton friends.

D. W. Roubush of Estherville, Ia., called on Appleton friends after an absence of several years. Cheese on the Appleton dairy board of trade at the Northwestern house sold at 14 1/2 cents per pound.

At a meeting of the city commission the day previous, John Goodland, Jr., was elected vice mayor for a period of two years.

City Attorney H. D. Ryan was at work on an amendment of the city automobile ordinance making it an offense for drivers of automobiles and motorcycles to open the muffler cut-out within the city limits.

The annual commencement week program of Lawrence college was to begin the day following with the junior piano recital at Peabody hall.

Three homes in the Third ward were burglarized the night previous and in each instance entrance was effected by cutting the wire screens on the doors.

The Question Box

(Any reader can get the answer to any question by writing The Appleton Post-Crescent Information Bureau, Frederick J. Haaslin, Director, Washington, D. C. This offer applies strictly to information. The Bureau cannot give advice on legal, medical and financial matters. It does not attempt to settle domestic troubles, nor to undertake exhaustive research on any subject. Write your question plainly and briefly. Give full name and address and enclose two cents in stamps for return postage. All replies are sent direct to the inquirer.)

Q. Who called some country the sick man of Europe? F. F. W.

A. The expression "the sick man of Europe" was used by Czar Nicholas of Russia in conversation with the British Ambassador Seymour in 1844 in allusion to the decay of the Turkish Empire.

Q. How long would it take for a letter in Boston to reach Dawson City?

W. F. M.

A. The Post Office Department says that it would take four days to carry a letter from Boston to Seattle and four days from Seattle to Skagway. It would be difficult to determine the exact time it would take for mail to be sent from Skagway to White Horse, but they are of the opinion that a letter from Boston to Dawson City would arrive within two weeks. Heavy snows and other local conditions are important factors in following up mail in this part of the country.

Q. What would Central Park, New York, be worth if it were handled as a real estate proposition? N. L. M.

A. The land included in Central Park cost, originally a little more than five million dollars, and it has been estimated that it is worth today over half a billion.

Q. When the Republicans control Congress do they always have a majority of the members of all the committees? C. A. Q.

A. Whatever party is in control of a legislative body exercises that power. Effective party organization demands that the majority party have a majority on every legislative committee, for as a rule the destiny of legislative bills rests in the hands of the committee to which they are referred.

Q. What kind of wood is majagua? N. R.

A. This is hardwood with a tough fibre suitable for baseball bats. It is imported from the West Indies, particularly Cuba, for this purpose.

Q. How much sweeter than sugar is saccharine? K. B. L.

A. It is 300 times as sweet as cane sugar. It is a coal tar derivative accidentally discovered by Dr. Fahlberg in 1857.

Q. Did the Apostles form the Creed which bears their name? H. A. C.

A. The name is a misnomer. The early form of the creed is known as the Old Roman confession in the Church at Rome. It is known to have existed as early as 400 A. D., and it is probable that a creed of some sort is as old as the founding of the Christian Church.

Q. Where did the Ku Klux Klan originate? W. F. M.

A. The Ku Klux Klan is said to have originated in Giles county, Tennessee, in 1865.

Summer Suits

that are not all
worn out from trying on!

Only moving water is pure—and only in a moving suit stock can you find a fresh unhandled Summer Suit.

The average customer here tries on only two coats before he says, "I'll take it."

The suit you buy on Wednesday, chances are, arrived on Tuesday.

We pick good patterns and our customers pick winners.

It's a steady and a clean stream of summer suits coming in and going out all day long.

That's why they are fresh and crisp—because they are new.

MATT SCHMIDT & SON
TWO FLOORS OF GOOD THINGS TO WEAR

WHAT'S GOING ON IN THE WORLD

Week's Events Briefly Told

BY CHARLES P. STEWART

Giving out its last batch of "publicity," Republican National Headquarters included a statement charging that "England and her European allies" have been trying "to balk" the United States out of the cost of her Rhine army.

As if to "rub it in," headquarters added that the whole thing was a crooked deal.

Also it predicted that the Washington government would give up trying to collect.

In conclusion, said headquarters, all this "confirms what has long been known . . . that if this country goes into any sort of a league with European powers, they will immediately take every advantage of it to the injury of and at the expense of the United States."

TAKE IT BACK

The next day headquarters withdrew this statement—after a lot of newspapers had printed it—explaining that it did so at the State Department's request. Headquarters didn't apologize, however, or say the statement wasn't true.

The State Department followed right up with an announcement that an agreement had been signed with the allies to get pay for the Rhine

army, and if the plan didn't work out all right the United States could abrogate it.

Tet. Many regard the incident as pretty queer.

Fore one thing, such strong talk from such a source is unusual. Also, how can people help interpreting the statement as a thrust, not only at "England and her European allies" but at President Harding's world court policy? And by his own party's national headquarters at that.

WANTED TO QUIT

Because the French Senate, in its capacity as a high court, refused to prosecute Deputy Cachin and other Communists on charges of sedition in connection with the Paris government's Ruhr activities, Premier Poincaré of France wants to resign.

President Millerand talked him out of it.

There has been an outbreak of communism in the Ruhr and elsewhere in Germany, marked by rioting, looting, and some loss of life.

In Belgium the Communists are so threatening that several classes of conscripts have been called to the colors.

NEW ENGLISH PREMIER

Stanley Baldwin has been appointed premier of England.

Lord Curzon was a strong candidate for the place but was passed over because he is so antagonistic to labor and liberalism that it was feared he would consolidate all these elements against him and probably hasten an ultra-advanced government.

Baldwin, a conservative, nevertheless is a liberal one—a business man of modern ideas. He succeeds Arthur Bonar Law, resigned because of bad health.

TURKS AND GREEKS

A resumption of war between Turkey and Greece is threatened.

The Turks, victors in the late struggle, make heavy damage claims which the Greeks refuse to pay. Unless they do so, the Turks say they will use force again.

There is talk among the powers' representatives conferring at Lausanne in an effort to arrange terms, of an ultimatum telling Turkey and Greece, that the big nations simply won't permit another war which may involve the whole world.

DON'T MIND INVASION

The Chinese bandits who captured a number of foreigners, including some Americans, from a Shanghai-Peking Railroad train still hold their prisoners and still threaten their lives.

At latest accounts government troops were attacking the outlaws' stronghold, just the course calculated to hasten the captives' murder.

Foreign governments continue to exert strong pressure on the Peking administration and to threaten action of their own, but this again undoubtedly would add to the prisoners' peril, not to mention the fact that a foreign invasion, or anything embarrassing to the government at Peking, is just what the bandits want.

WETS AND DRIES

The Treasury Department, according to Washington correspondents, has found a way out of the difficulty caused by the Supreme Court's decision that foreign ships must bring liquor into American ports—even locked up, for use only on board on the high seas. The idea is to let them list it as "medical stores," allowed under the law.

Anti-Saloon League trouble over debts incurred in an unsuccessful effort to "enforce prohibition. The argument" over the question—'who's to pay them?'

The Chicago Daily News, after a country-wide investigation, asserts liquor has become the country's biggest single business.

CHINA LEARNING BY MAIL

Tientsin, China—For the first time in Chinese educational history, correspondence schools have been started here. They are in connection with the new school of civilization opened here by Liang-Chiehao, eminent Chinese scholar.

Average speed of the earth in its motion around the sun is 18.5 miles a second.

WONDER IF HE STOPPED TO CONSIDER WHAT EFFECT KILLING OFF THE MOTHER BIRD WOULD HAVE ON THE REST OF THE FAMILY

AUXILIARIES OF LEGION TO MEET

Hope To Form Ninth District Organization At Session Thursday

A meeting of the American legion auxiliaries of the Ninth district will open at 10 o'clock Thursday morning in the club rooms at Amory C. The purpose of the meetings is to organize a district conference. Sessions both in the morning and afternoon will be devoted entirely to business. Mrs. George Fischer of Fond du Lac will preside.

At the meeting in the afternoon delegates will be appointed to the state convention at Stevens Point, Wis., for the annual outing of the local auxiliary. Luncheon is to be served at 12:45.

PARTIES

Seniors of Phi Kappa Alpha fraternity entertained in the Blue room of Conway hotel on Tuesday evening in honor of the matron of the fraternity, Mrs. Belle Almsworth, and Ray Collins, both of whom will leave early in June for Europe. The party was an informal dinner at 6:15.

The crystal ball to be used in the "Night in Paris" Wednesday evening at Waverly beach pavilion arrived Wednesday morning. The ball will be used in features both Wednesday and Thursday evening. Special dancing numbers will be played.

CLUB MEETINGS

Appleton Motor Boat club will hold a meeting at its clubhouse Thursday evening. Several matters concerning a summer program will come up for discussion.

The high school camp fire group will meet at 7:30 Thursday evening at the home of Mrs. John Engel, Jr., 836 Harris-st. Plans will be made for the camping trip the group will make sometime during the summer.

Miss Selma Merkel will be hostess to the Cheerful Helpers club Wednesday evening at her home, 910 Richmond-st.

Miss Mabel Kirschenlore entered the Double Six club at Appleton Woman's clubrooms Tuesday evening. Music was played and dancing followed. The honors at dice were won by Mrs. J. Moder and Mrs. Charles Freiberg. The next meeting will be held at the home of Mrs. Freiberg.

CHURCH SOCIETIES

The choir of St. Matthew church will hold a meeting at the church Wednesday evening. Several business matters will be considered.

The last business meeting of the year of the Young Peoples society of St. Paul Lutheran church will be held at 7:30 Wednesday evening in the school building. A social hour will follow the business session.

WEDDINGS

Miss Amanda Roll and John W. Delcorps, both of Appleton, were married at 2 o'clock Wednesday afternoon. The ceremony was performed by the Rev. T. J. Sauer at the parsonage of St. Paul Lutheran church. The attendants were Miss Martha Krause and George Roll. Mr. and Mrs. Delcorps will be at home in Appleton after a short trip.

PICNICS

The annual picnic of Appleton vocational school will be held Wednesday, June 13, at Pierce park. The students and faculty will go to the park about 1:30 and the afternoon will be devoted to field day sports and other contests.

Menasha high school had a picnic Tuesday at Waverly beach for students and faculty members. Basket lunches were taken and sports at the beach were enjoyed.

ENJOY WATER SPORTS AT GIRL SCOUT PICNIC

Swimming and boating proved to be the two attractions for the high school members of the Girl Scout troop of girl scouts who had a picnic at Happy Hut Tuesday. The party was chaperoned by Miss Eleanor Hall. The entire troop will have a meeting at 4 o'clock Wednesday afternoon at Columbia hall to fill out registration blanks for camping and to make plans for a food sale Saturday for the troop camping fund.

MARRIAGE LICENSES

The following marriage licenses were applied for Tuesday and Wednesday in the office of the county clerk: Henry L. VanStraten and Agnes Camavan, both of Shiocton; Reinhold W. Slevert and Elsie M. Schuenemann, both of Appleton; Otto P. Kroeger, Ellington, and Henrietta L. Knaack, Greenville.

WHAT IS GOING ON TODAY?

Common council, 7:30, city hall, regular meeting.
Board of directors, Appleton Chamber of Commerce, 7:30, Chamber assembly room, semi-monthly meeting.
Lady Eagles, 5:30, Eagle hall, annual banquet.
Piano recital, 8:20, Peabody hall, students of Prof. Ludolph Arens.

Two Pupils Of Miss Brainard Giving Recital

The Misses Norma Look and Violet Older from the studio of Gladys Yves Brainard will be presented in a piano recital at 8:20 Thursday evening in Peabody hall of Lawrence Conservatory of Music. They will be assisted by Winfield Alexander from the studio of Dean Carl Waterman and the Fullinwider String quartet.

The numbers given will be as follows:

Prelude and Faugue, E. Minor..... Mendelssohn
Andante Cantabile-Quartet, B flat..... Tschalkowski
Fullinwider String Quartet
Tango.....Albeniz-Godowsky
The Lorelei.....Liszt
Waltz.....Moskowski
Miss Look
Barcarolle.....Chopin
Miss Older
"Total Eclipse".....Handel
"The Last Song".....Rogers
Mr. Alexander
Hungarian Fantasia.....Liszt
Miss Older
Miss Brainard at the second piano.

PAPER COMPANY NAMES DIRECTORS

Progress Is Being Made On New Plant For Valley Paper Mills At Menasha

Directors for the Valley Paper Mills, a new company which is building a large paper plant at Blair Springs, town of Menasha, were elected at a meeting of about 100 stockholders in Odd Fellow hall at Neenah Tuesday. The directors are: Albert Ehlman, Milwaukee; George W. Burr, Appleton; W. F. Wolf, Neenah; William Fogarty, Green Bay; George T. Wolf, Theresa; Fred Schreiber, Appleton; and A. R. Bechard, Fond du Lac. Directors will meet in two weeks to elect officers.

Excavation for the boiler house and filtration plant at the new mill is under way and work on the foundation walls for the main building, which will be 175 feet wide by 537 feet long, are about completed. There is little possibility that the plant will be completed before early spring of 1924.

W. C. Nash has been elected superintendent of the mill. Two paper machines, with a capacity of about 1,000 tons a year are to be installed. Opaque catalog, French folio, manifold and manila papers will be manufactured. Waste paper and sulphite pulp will be used. It is estimated that waste paper will make up from 60 to 80 per cent of the pulp content.

60 PRIZES ARE GIVEN AT ST. PAUL SCHOOL PICNIC

A large crowd attended the annual picnic of the parish school and Sunday school of St. Paul Lutheran church at Pierce park Tuesday. Teachers and parents also were present. Various games, contests and athletic sports were held under the leadership of teachers, and 60 prizes were offered to the successful contestants. A feature of the day was a beach game between the seventh and eighth grades which was won by the eighth grades by the score of 7 to 1.

Mr. and Mrs. S. Lehrer and daughter Regina have returned from a several days' visit at Milwaukee.

Be Careful What You Wash Your Hair With

Many soaps and prepared shampoos contain too much free alkali which is very injurious, as it dries the scalp and makes the hair brittle. The best thing to use is Mulisified coconut oil shampoo, for this is pure and entirely greaseless. It is inexpensive and beats anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Two or three teaspoonfuls of Mulisified is all that is required. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to manage. Besides, it loosens and takes out every particle of dust, dirt and dandruff. Be sure and ask for "Mulisified" coconut oil shampoo. adv.

INVITE ARENS TO JOIN MUSIC FRAT

Phi Kappa Lambda Gives Recognition To Lawrence Professor's Work

Epsilon chapter of Phi Kappa Lambda, national musical fraternity, has asked Prof. Ludolph Arens of Lawrence Conservatory of Music to become an honorary member of the fraternity. Election to honorary membership in the fraternity is made only after outstanding achievement in concert appearance or for distinguished service in original composition.

Ludolph Arens is a graduate of the department of music of Ohio Wesleyan where Epsilon chapter of the fraternity is established. Phi Kappa Lambda is the fraternity in musical circles which corresponds to Phi Beta Kappa in liberal arts work.

ARENS PIANO PUPILS IN RECITAL TONIGHT

Students from the studio of Prof. Ludolph Arens will be presented in a piano recital at 8:20 Wednesday evening in Peabody hall. The Fullinwider String quartet will assist with the program. Admission for the program will be by ticket only which may be secured in advance from Lawrence Conservatory of Music.

Must Register By Friday For Camp For Girls

Registration for the girls' camp at Onaway Island at Waupaca, which will be established under the direction of Appleton Woman's club for Appleton girl scouts and camp fire girls must be in at the clubroom by Friday. A large number of girls have made registration, but several groups have not yet reported.

The girls will be under the direction of councilors while in camp and will have a nurse or doctor with them. The program which has been planned for the two weeks beginning Aug. 4 will include all the camp activities of which girls are fond.

FAREWELL PARTY IS GIVEN F. R. A. DEPUTY

J. Har Basel, district deputy of the Fraternal Reserve association, who has just been promoted to assistant state manager, and who with Mrs. Basel left Wednesday for his new headquarters at Eau Claire, was tendered a farewell reception at the meeting of the association Tuesday evening. An informal hour followed the initiation of a class of candidates, after which dancing was enjoyed until midnight. Mr. and Mrs. Basel rendered several musical selections. The attendance prize was won by Mrs. L. O. Rector.

ASYLUM OFFICIALS MEET AT OSHKOSH

Problems Of Insane Are Taken Up At Convention Opening Today

Mrs. Thomas Flanagan, matron at the county asylum, has gone to Oshkosh to attend the twenty-second annual convention of officials and trustees of county asylums for the insane in session Wednesday to Friday. Mr. Flanagan, who is now attending the state convention of Knights of Columbus, will go to Oshkosh directly from Eau Claire. Dr. F. P. Donaherty, county physician, and F. S. Bradford, Charles Freund and Thomas Kelly, trustees, also planned to attend.

A program of value has been prepared for the meeting. Dr. W. C. Sullivan of Marquette university will speak on "Disposition of Bodies of Patients." Dr. W. F. Lorenz of Menasha, will discuss "Relationship of State Hospitals to County Asylums," and Dr. Adin Sherman of Northern hospital at Winnebago, will speak on "Employees of Institutions for the Insane."

Musical entertainment has been provided. A banquet will be served Thursday evening in the municipal clubhouse. Gov. Blaine has been invited to attend. Trains will be made to the Winnebago county asylum and Northern hospital.

CHURCHES PLAN CHILDREN'S DAY

Children's day will be observed in the Presbyterian church Sunday. The morning service will be devoted to a program to be presented by the Sunday school. Parents may present children for baptism following the service.

The children of the Congregational Sunday school will give their annual program at 11 o'clock Sunday during the morning service. It will also be a parents' day, for all parents are invited to attend the regular Sunday school session with their children.

Ridge Point Dance Tonite.

PLAN BANQUET AT HOSPITAL OPENING

St. Elizabeth club met at the new hospital Tuesday afternoon with the mother general of the Franciscan order, St. Louis, to plan the banquet which will be given July 8, when the hospital will be dedicated. The mother general explained responsibilities the club must assume in connection with its free bed.

Plans were made for a card party to be held the later part of June. The board of directors of the club and the officers will meet at 7:30 Thursday evening at the home of Mrs. D. J. O'Connor, 626 Green Bay-st.

HOME LIFE MENACED

Never in the history of the world has the life of the family as a social unit been menaced as it is today. Social unrest, the independence afforded women by opening up almost every profession and every line of industry to them, equal rights with men, all of which are perfectly justified if not abused are dwomen have the health and strength to carry out their inclinations in these matters. But alas, when a woman is almost at the point of breaking from her household cares and social life, to take on outside duties often means the breaking point, and homes are often neglected for lack of strength or some ailment develops because of overwork. Weak and ailing women will do well to remember that Lydia E. Pinkham's Vegetable Compound, made from roots and herbs benefits 95 out of every 100 women who try it, and let it help them. adv.

MRS. JENNINGS HEADS STUDY CLUB

Organization At New London Holds Annual Meeting At Dixon Home

Special to Post-Crescent.
New London.—The Study club held the last meeting of the season at the home of Miss Susie Dixon Monday afternoon. Mrs. Jennings and Mrs. Monsted gave convention reports. Officers for the ensuing year were elected. They are: president, Mrs. Frank Jennings; vice president, Mrs. H. B. Crispy; treasurer and corresponding secretary, Mrs. T. G. Roberts; recording secretary, Mrs. C. M. Feathers; Miss Dixon, Mrs. Niven and Mrs. Clet served.

Kernit Hart has assumed charge of the boy scouts of New London as scoutmaster, succeeding the Rev. W. H. Ziegler. The meetings in the future will be held Thursday evenings beginning at 7:30.

LUTHERAN CHURCH TO CONFIRM FIVE

Special to Post-Crescent.
Hortonville.—The English class will be confirmed Sunday morning, June 10, at the Lutheran church. The class consists of five members: Wilma Krueckeburg, Lenora Herbst, Howard Mease, Harold Magadan and Harold Krueckeburg.

The Business Mens association held a meeting Monday evening for further discussion of plans for a July 4 celebration. According to reports, Hortonville is to have a real celebration this year. The plans will be announced later, when they are more complete.

Mr. and Mrs. Paul Schmidt of Fond du Lac visited at the Irving Schmidt home Sunday.

Mr. and Mrs. Charles Krueckeburg and family of Appleton visited at the Henry Krueckeburg home Sunday.

Mr. and Mrs. William Lippold and son Milton and daughters Melda and Norma left on an auto trip Monday morning for Toledo, Ohio, where they will visit relatives.

Miss Doris Hilde of Oshkosh spent the weekend with relatives here.

Mr. and Mrs. John Dobberstein were New London visitors Monday.

Mr. and Mrs. William Meyers and family of Dundas, and Mrs. W. Meyers of Appleton visited at the Henry Fiedt home Sunday.

Mr. and Mrs. John Dobberstein and Mrs. Adeline Heiterhoff spent Monday at New London.

Mrs. Harriet Anderson of Chicago is visiting her brother, Charles Rhodes. Gordon Douglas and Lloyd and Marie Schulz autoed to Appleton Tuesday.

WANT LONGER SUMMER

London, Eng.—The home secretary has received a request from the Early Closing Association to extend the end of summer from September 15 to October. By such action, stores and offices will close early until the later date, instead of earlier as heretofore.

FURS AND MYSTERY

By A. CARSTENSEN
Appleton's Exclusive Furrier
Mink

There are enough grades of genuine mink fur to send one scampering for the reliable fur dealer—not even to mention the clever substitutes which abound in places where dollars rule instead of reputations.

The mink is a larger species of the weasel family, found in all parts of the United States and Canada. In the numerous sections in which the animals are found, the quality of mink skins varies even more widely than the climate, the month in which each animal is culled helping further to govern the worth of its skin.

The beauty of mink skin is in its long, lustrous overhairs, rather than the soft underfur, and skins taken along the North Atlantic coast, northern United States and Canada, in the months of December and January possess greater density and brilliance than those taken in any other place or at any other time.

It is a part of the unreliable fur dealer's business to darken or "blend" inferior Southern or Western skins of yellowish cast, by applying a tincture to the fur, and then sell them as natural Eastern skins.

Another so-called "trick of the trade" is to lengthen small skins by piecing in, or by cutting small slits in the edges and carefully pulling lengthwise until the patches are drawn out and the edges of the skin have again become straight edges.

KAUKAUNA NEXT TO HAVE SYSTEM OF ARTERY ROADS

Council Will Pass On Resolution To Be Introduced At Next Meeting

Kaukauna.—Discussion of arterial highways for the city of Kaukauna was taken up at the monthly council meeting Tuesday evening in the council rooms. Lowest from the Chicago and Northwestern tracks on the north end of the street to Third-st on the south side and parts of Wisconsin-ave and Depot-st were suggested as high-ways. A definite plan will be formulated and an ordinance drawn next Tuesday evening, June 12, at a meeting of the city attorney with the police department and chairmen of the north and south side road committees.

The matter of wages for city road work also was aired. It developed that the north road district is paying \$1 per hour for extra teams to sprinkle the streets while the south side pays only 50 cents. Several aldermen believed that too much money is being spent in that way. Plans for sprinkling the draw bridges, which require attention during the hot weather, were discussed. It was said that after the streets are oiled, they will need little sprinkling and that to pay \$1 an hour for a sprinkler on the bridge will be unnecessary. It is probable that a pump will be installed to pump water from the river, thus eliminating considerable expense.

WEDDINGS AMONG COUNTY'S PEOPLE

Special to Post-Crescent.
Hortonville.—The marriage of Mrs. Mabel Miller, Greenville, to Roy P. Manley, Ellington, occurred at 11 o'clock Wednesday morning at the Methodist parsonage at Hortonville. The Rev. J. R. Shaw performed the ceremony.

The couple was attended by Miss Margaret Meredith of Greenville and Lester Gore of Dale. Mr. and Mrs. Manley will reside on the bridegroom's farm in Ellington.

Greenville.—The marriage of Miss Veronica Nichols of Ellington and Clair Goman of Cicero took place at 2:30 Wednesday morning at St. Patrick church, Stephenville. The ceremony was performed by the Rev. Edward Schimberg.

The couple was attended by Miss Alice Nichols, sister of the bride and Fred Goman, brother of the bridegroom.

A reception for immediate relatives was held at the bride's home following the ceremony. The couple will reside on the Goman farm homestead at Cicero.

Miss Nichols is the daughter of Mr. and Mrs. Louis Nichols, town of Ellington.

Black Creek.—Frank Drier and Miss Lila Gagnon, both of Black Creek, were married at the court house at Appleton at 2 o'clock Tuesday afternoon. The bride and groom will make their home in Appleton where the bridegroom is employed.

New London.—Miss Esther Trambauer, daughter of Mrs. A. Trambauer, and Martin Kubisiak were married at 2 o'clock Wednesday afternoon in the Emanuel Lutheran church, the Rev. Ad. Spierling performing the ceremony. Miss Ada Gentz and Miss Vivian Shaw attended the bride. The bride's brothers, John and Alvin attended the bridegroom. Mrs. Fred Radke was matron of honor. Valda Ruth Wangelin acted as flower girl.

A reception was held after the ceremony and the couple then left on a honeymoon trip. They will make their home at New London.

Black Creek.—Miss Lemoine Mory, daughter of Mr. and Mrs. Frank Mory, and William Barth, son of Mr. and Mrs. Andrew Barth, were married at the Frank Mory home in Seymour Wednesday afternoon by the Rev. H. A. Franzke of the Evangelical church. They were attended by Miss Lydia Barth, sister of the bridegroom and Leonard Mory, a cousin of the bride.

After the wedding a reception was held for the relatives. Mr. and Mrs. Barth have gone on a honeymoon trip and when they return will be at home on the farm the bridegroom is buying from his father, who has bought a house in the village and will move into it as soon as it is vacated.

Freedom.—Miss Johanna Steffens, daughter of Albert Steffens of Black Creek, and Joseph Dressang of Vandenberg, were married at 10 o'clock Tuesday morning at St. Nicholas church. The ceremony was performed by the Rev. Edward Schimberg of Greenville. The couple were attended by Henry Steffen, a brother of the bride, and by Miss Dressang, a niece of the bridegroom. They will make their home on a farm in the town of Vandenberg.

New London.—A pretty June wedding occurred at 5:30 Tuesday morning at the Church of the Most Precious Blood, when Miss Marie Pimpel, daughter of Mr. and Mrs. Frank Pimpel, became the bride of Robert F. Sigl. The service was read by the Rev. Father Krieger.

Miss Angeline Pimpel, sister of the bride, was maid of honor and the bridesmaids were Miss Nettie Sigl of Appleton and Miss Gertrude Ostermeyer of New London. Edward Knapstein acted as best man and the usher was John Sigl of Madison and Dr. G. A. Ostermeyer of New London. Little Mrs. Virginia Sigl, niece of the bridegroom, was flower girl and presented the bridal procession. The church was decorated with bridal wreaths.

The party at the reception which followed were: Mr. and Mrs. John Sigl, Mr. and Mrs. Peter Sigl and family and Mr. and Mrs. Robert Hildebrandt and family, Appleton; Mr. and Mrs.

Notice to Contractors
Notice is hereby given that on the 15th day of June, A. D. 1923 at 2:00 P. M. at Theo. Jungs' corner, Section 33, Town of Buchanan, the Town Board will meet to receive bids for the construction of two (2) concrete culverts, one on the Hollandland Road, west of the corner, and one on the county line north of the corner. The contractor shall furnish all labor, material, cement, sand, gravel and stone.

The right is reserved to reject any and all bids and waive any defects. Plans, specifications, etc., will be given at the place of meeting. Dated this 5th day of June, A. D. 1923.

P. H. Kaula, Town Clerk.
Town of Buchanan, Wis.
adv.

COW MAKES RECORD AS MILK PRODUCER

Two Purebreds At Fred Wagner Farm In Limelight Following Tests

Special to Post-Crescent.
Isaac—Fred Wagner, residing here, has two purebred cows that are his pride. They are Nancy Rose DeKol and her dam Rosa Lynden De Kol. In a recent test for the year ending March 1, 1923, Nancy Rose De Kol carried off the honors as the second best cow in Wisconsin and the tenth in the United States. In the seven day test she produced 63.1 pounds of milk, making 20,486 pounds of fat. The cow that carried first place produced only 4.9 pounds more than Nancy and is owned by J. W. Lawton and son of Viola, Wis.

Nancy's best milk day was 103.7 pounds of milk. Her dam, Rose Lynden De Kol's best milk day was 108.1 pounds, averaging 101.9 pounds for seven consecutive days.

These two cows are the only purebred cows Mr. Wagner has. His foundation on De Kol cows is expected to bring him probably greater rewards, as both the state and United States records are held by De Kol cows.

ONEIDA TO REPAIR BRIDGES, CULVERTS

Special to Post-Crescent.
Oneida.—The town board met Monday and inspected most of the culverts and bridges. A number of repairs are needed. All the road warrants were given out and district superintendents were appointed. There are 25 districts. On Saturday afternoon the job of stumping and opening the new road in districts 24 and 25 on the county line will be let to the lowest bidder.

George Vissers is the patrolman on the new patrol road opened this spring. Albert Ambrosius is still the patrolman on the old patrol road. His route runs from the county line to Freedom on the Ridge-creek to the Al-tar society of St. Mary church to Miss Margaret Janz, who is to leave for the convent next Tuesday.

One of the attractions at the laying of the cornerstone at the new church here last week was four little Indian girls dressed in native costume. They carried the stone from the parish-residence to the new church.

Events at Dale
Special to Post-Crescent.
Dale.—Mr. and Mrs. Frank Ballinger attended the funeral of John Strange at Neenah, Thursday.

Miss Geraldine Price visited at Appleton last week.

Harold Grossman is taking a vacation from his duties as rural mail carrier. Marvin Oelke is substituting. Mrs. Allan Balliet of Milwaukee visited relatives here last week.

Francis O'Hanlon of Appleton was in town Saturday.

Mr. and Mrs. Albert Schultz and children and Mrs. William Steffen of Stephenville spent Sunday at Owen Peterson's.

Mr. and Mrs. Otto Dorschner and sons of Hortonville spent Sunday at Len Dorschner's.

Dale is preparing for a big celebration July 4.

Vilma Kuehne was a member of the graduation class at Hortonville and Adella Philippi of the Reedsville class. James McMeekin of Hortonville visited A. L. Fritsch Saturday.

Mr. and Mrs. P. Philippi, daughters Marjorie and Evelyn, and Doris and Willis Degal attended the commencement exercises at Reedsville Thursday.

Student Sutledge of the Mission house conducted services at the Reformed church Sunday. Next Sunday.

Frank Keehn, Milwaukee; Mrs. Emil Doerr, Watertown; Frank Ostermeyer, Antigo; Mr. and Mrs. Henry Ludwig and daughter Gertrude, Rice Lake; Mr. and Mrs. Edward Ostermeyer and family, Northfield, Minn.; Mr. and Mrs. Walter Sigl and family, New London; Mr. and Mrs. Matthew Knapstein and family, New London.

Black Creek.—Miss Lemoine Mory, daughter of Mr. and Mrs. Frank Mory, and William Barth, son of Mr. and Mrs. Andrew Barth, were married at the Frank Mory home in Seymour Wednesday afternoon by the Rev. H. A. Franzke of the Evangelical church. They were attended by Miss Lydia Barth, sister of the bridegroom and Leonard Mory, a cousin of the bride.

After the wedding a reception was held for the relatives. Mr. and Mrs. Barth have gone on a honeymoon trip and when they return will be at home on the farm the bridegroom is buying from his father, who has bought a house in the village and will move into it as soon as it is vacated.

Special to Post-Crescent.
Dale.—Mr. and Mrs. Frank Ballinger attended the funeral of John Strange at Neenah, Thursday.

Miss Geraldine Price visited at Appleton last week.

Harold Grossman is taking a vacation from his duties as rural mail carrier. Marvin Oelke is substituting. Mrs. Allan Balliet of Milwaukee visited relatives here last week.

Francis O'Hanlon of Appleton was in town Saturday.

Mr. and Mrs. Albert Schultz and children and Mrs. William

**100 ASK PLACES
AT STATE DINNER
OF A. A. L. JUNE 16**
Record Attendance Is Expected
At Annual Convention
In Appleton

Indications of a large attendance are seen in the arrival of approximately 100 reservations for the annual banquet of the Wisconsin Federation of the Aid Association for Lutherans here Saturday, June 16. These are exclusive of the city of Appleton, and double this number is expected before the end of the week, according to Louis Freude, state secretary.

Notices probably will be sent to members of Appleton branch No. 1, but reservation may be made any time, Mr. Freude says.

It is expected that 1,000 visitors also will be in Appleton at the time of the state meeting, because of the desire to inspect the new Insurance bldg. The place of the banquet has not been decided and will depend on the number to be accommodated.

Committees are working on the program, outline of business sessions, entertainment of delegates and other features. The accounting room of the association on fifth floor of the Insurance bldg. probably will be used for the business meetings.

**ON THE
SCREEN**

LEATRICE JOY IS KITCHEN SLAVE IN "MINNIE"
"Minnie," Marshall Neilan's latest picture released through Associated First National will close its engagement at the Elite tonight.

"Minnie," like all of Neilan's productions, is said to be exceptional entertainment. There is no dull moment in it. It is a very human story about a household drudge who is so homesick that no one hesitates to tell her so. Her father owns the hotel in the town but he is so interested in a radio invention that Minnie does all the work. But Minnie has ideas and she uses them to the discomfort of everybody, including herself. The picture is full of incidents that develop hearty laughter, but underneath it all is the throbs of drama.

Maureen O'Sullivan and Leatrice Joy are featured in "Minnie." Others in the cast are George Barnum, Josephine Crowell, Helen Lynch, Raymond Griffith, Richard Wayne, Tom Wilson and George Dromgold.

BEAVER DEATH TO "SHOOT" BIG GAME PICTURE
Do you recall the amazement you felt when your parents first took you to the circus and you gazed upon the mammoth beasts known as elephants? Well, if they thrilled you, you are in for more thrills and a great surprise when you see the elephants in the feature Universal production, "Hunting Big Game in Africa," which was photographed by H. A. Snow and Sidney Snow.

Elephants supply the thrill of the picture. They are far removed from the circus or zoo animal that we are all acquainted with. The African elephant, Mr. Snow states is the most dangerous of all wild animals, and the elephants he found in the bed of an extinct crater three miles in width, compare with captive animals as the proud racing stallion compares with a Shetland pony. The African elephant towers thirty feet high, their tusks measuring more than twenty feet. The ears are great flaps fifteen feet wide. And in addition they know their power and how to make use of it.

A dramatic scene in which a herd of forty of these wild beasts head for the camera, while the natives flee into the tree-tops, supplies the climax of the picture. Ten of the great beasts were shot, but Mr. Snow excuses the slaughter by saying that the wild African elephant is a desperate man-

**WILL BUILD LIST
OF HOME OWNERS**
Loan Association Issuing Magazine To Accomplish Faster Growth

In the hope of developing more home owners in Appleton and obtaining a larger loan fund for home builders, Appleton Building and Loan Association has begun issuing a small monthly magazine entitled, "Getting Ahead." The June number is the first to appear and has been circulated to members of the association and others.

The publication of eight pages explains the savings plan of building and loan associations, urges everybody to own a home and advocates thrift through illustrations of what frugality accomplishes and what spending costs in old age.

There are indications that the association will loan \$100,000 this year in part payment for homes, that are under construction or contemplated. Applications are coming in constantly and the officials find it difficult to keep the sales of shares up to a point where funds are available for all users.

**ROTARY CLUB BACKS
ARTERIAL SYSTEM**

Arterial highways for Appleton received the unanimous endorsement of Appleton Rotarians at their weekly meeting on Tuesday in the Conway hotel. Rotarians said adoption of a system of arterial streets will promote safety in driving.

G. M. Bardsley, field agent for the Central Howard association, was the chief speaker at the meeting. He discussed the work of reclaiming men from penitentiaries, which his organization fosters. More than 20,000 men have been reclaimed by the association since its organization, he said.

killer and deserves instant death wherever met.

For those that are squeamish about killing, it is explained that the animals were shot down only when it was desired to obtain rare specimens for the Oakland Museum or in self-defense.

It is interesting to note that this production established a new long record run when it was shown in New York at the Lyric Theatre. For three months from 18,000 to 20,000 persons visited the theatre weekly and only prior contracts for the theatre prevented a longer engagement. It received wonderful criticisms from the metropolitan newspapers. Unlike other pictures of this type the educational value is the smallest part. No story could ever be written, or enacted that contained one one-hundredth of the thrills of this production.

At the Elite Thursday, Friday and Saturday.

**Changes In Laws Will
Iron Out Differences
In Bank Taxation Basis**

Both state and national banks in Outagamie co. will probably continue to be assessed on property as heretofore, instead of on dividends, according to instructions received by city and village assessors in this county.

Assessors are advised to require all banks in their district to furnish a statement of bank assets and of the number and value of shares of bank stock and assess their real estate and capital stock.

Taxation of national banks was thrown into confusion during 1921 and 1922 by the decision of the United States supreme court in the case of the Merchants National bank vs. Richmond, Va., declaring national bank dividends not taxable. With the opening of the present assessment season, the inquiries of a number of local assessors showed that some confusion still exists.

The uncertainty, however, as to the right of the state to tax national banks has been practically removed by a law passed on the last day of congress, March 4, 1923, the tax commission declares. By it the states are authorized to tax national banks either upon their shares of stock, or the income therefrom, or the dividends distributed to shareholders. But the adoption of any one of the systems excludes the others. The federal law authorizing a tax upon bank incomes provides that the rate of taxation shall not be higher than that imposed upon other forms of income.

As taxation of bank income would reduce the tax revenue, it is reasonably certain that the state legislature will not authorize this system, according to the tax commission.

Slight discrepancies between the state law and the new federal laws will be corrected by a bill now pending in legislature.

"While this bill has not yet been passed by the legislature," said the commission, "it is favored by the administration and reasonably certain to become a law. If so, it will allow the taxation of both state and national banks in the same manner as heretofore, namely, by taxing their real estate in the same manner and on the same basis as other real estate in the assessment district, and by assessing

their shares of stock, according to actual value to the individual stockholders in the district in which the bank is located."

Improving Highway
Considerable improvement is being made by the town of Center on the road extending north from Batley corners for a mile. The road is being graded and widened on the order of state roads so that it will bear up better under the traffic that connects with state trunk highway 47.

Directors to Meet
The board of directors of the Appleton Chamber of Commerce will meet in the assembly room of the chamber at 7:30 Wednesday evening. Several matters of importance will be discussed and it is expected that every member of the board will be present.

TOO MUCH URIC ACID?
LET US SEND YOU THE WILLIAMS TREATMENT
FREE 85 CENT BOTTLE (32 DOSES)

Just because you start the day "too tired to get up," arms and legs stiff, muscles sore, with burning, aching back and dull head—Worn OUT before the day begins—do not think you have to stay in such condition.

Rheumatism, kidney and bladder troubles, and all ailments caused by excessive acidity make one miserable. Be strong and well. Get rid of the "rheumatic" pains, stiff joints, sore muscles, "acid" stomach, kidney or bladder troubles so often caused by body-made acids.

If you have been ailing for a long time, taking all sorts of medicines without benefit, let The Williams Treatment prove to you what great relief it gives in the most stubborn cases. Since 1892 hundreds of thousands have used it.

(Continued from Our Last Issue.)

"I feel like I was," the nester declared, with a grin. "Say! Mister Gray sold the Evans lease an'—we got more money than ever."

"Then maybe you can afford a new suit," Allie told him. "You look like sin."

Her father nodded, but his mind was full of the incidents of that afternoon. He began at once to recount them. He told the story badly, but in a language that the women understood. He had not gone far, however, when the girl interrupted him to exclaim:

"Wait! Why, Pa! you mean to say Mister Gray ain't got no money?"

"He had less'n a hundred dollars an' him livin' here like a king with everybody bowin' an' scrapin'!"

Ignoring the effect upon Allie of this intelligence, he continued his recital. "All I done was set around while him an' them bank people talked it over," he said, finally. "Then they got their lawyer in an' he examined the title papers. Seemed like he'd never get through, but he did an' they signed some things and we come out, an' Mister Gray told me I'd made forty-eight thousand dollars."

"Goodness me!" Ma Briskow's eyes widened. "Why, that Evans place ain't worth the taxes."

"It's more'n likely worth a million. But think! Him tellin' me I'd made forty-eight thousand dollars! It give me a jolt, an' I says I didn't make it. I told him I'd fell down an' turned the hull thing over to him. It's you that's made forty-eight thousand," I says."

"What?" Allie inquired, sharply. Then when her father had repeated himself, she asked with even greater intensity: "What'd he say to that? He didn't take it, did he?"

"He laughed kinda queer an' says all I got to do to give him a good night's rest is to wire Henry Nelson the deal's closed. An' him with less'n a hundred dollars!"

Allie spoke again in great relief. "Lord! You give me a turn." Her expression altered, her lips parted in a slow smile. "So he's poor, dat?"

"Pore as we was," she said, "I declare!" She rose and turned her back upon her father.

"No, he ain't pore," Briskow said, irritably. "Not now he ain't. I says it's his deal an' his money, an' we got plenty. An' I stuck to it."

Allie wheeled suddenly at this announcement. She uttered a cry of protest, then, "What are you talkin' about?" she roughly demanded.

"We had some argument an' I got kinda f'iled. Finally he says if I feel that way we'll go pardners. He wouldn't listen to nothin' else, an'—that's how it stands. He made twenty-four thousand an' I—"

"You—You fool!"

Gus Briskow looked up with a start to find his daughter standing over him, her face ablaze, her deep bosom heaving. He stared at her in frank amazement, doubting his senses. Never had Allegheny used toward him a word, a tone like this, never had he seen her look as she did at his moment.

"Allie—Allie!" the mother gasped. She, too, was aghast. "You're talkin' to your Pa?"

"You give him twenty-four thousand dollars? Give it to him? What'd you do it for? What'd you—"

A harsh exclamation burst from the girl—to the astonished parents it sounded like an oath, but it could not have been—then she swung herself heavily about and rushed blindly into the next room, slamming the stout metal door behind her with a crash that threatened to unhinge it.

"Well, I be—darned!" Gus Briskow turned a slack, empty face upon the partner of his joys. "I—I never s'posed that girl would turn out—greedy!"

CHAPTER IX
An Electric Wiggle Stick

Of all the oil excitements, that which occurred in North Texas was perhaps the most remarkable, at any rate the world has never witnessed such scenes as were enacted there.

The strike at Ranger hit the fuse, the explosion came with the first gust of inflammable liquid from the Fowler farm at Burk Burnett.

"Burk" was a sleepy little town, dozing amid parched wheat fields. The paint was off it, nothing much more exciting than a crop failure ever happened there. The main topic of conversation was the weather and, as Mark Twain said, everybody talked about it, but nothing was done. With in sixty days this soporific village became a roaring bedlam; every town lot was leased, derricks rose out of chicken runs, boilers panted in front yards, mobs of strangers surged through the streets and the air grew shrill with their hiccups.

Naturally a little country town like this could not hold the newcomers, therefore Wichita Falls became their headquarters. Here there were at least a few hotels and some sort of office quarters—sheds beneath which the shearing could take place—and there the herd assembled.

Of the men engaged in this shearing business, none perhaps, had gathered more wool in the same length of time than the two members of the firm of McWade & Stoner.

One morning McWade and his partner provided themselves with some dice and several hundred dollars in gold coin. With these they began shooting craps on the sidewalk in front of their office. Now gambling was taboo here, the spectacle of two men expensively dressed, eminently prosperous men squatting upon their heels with a stack of double eagles before them caused a sensation, and people halted to witness their impending arrest. Soon traffic was blocked.

Calvin Gray, but just arrived from Dallas, looked on at the game with some curiosity, not divining its purpose, until McWade picked the dice, then mounted a box at the curb and began, loudly:

"Now, gentlemen, this is one way of making money, but it is a foolish and hazardous way. There is a much safer, safer method, and I'm going to tell you about it. Don't pass on until you hear me, for I have a most incredible story to relate, and you'll be sorry you missed it."

There was a ripple of appreciative laughter, but the crowd pressed closer as the orator continued:

"You've all heard about these 'foodie bugs' who go around loading oil with a diving rod, haven't you? And you don't believe in them. Of course you don't. Neither do I. Now then, for the plot of my story, and it will pay you to do a week of listening in the next five minutes. A while ago an eminent scientist, unknown to me or my partner, Mr. Stoner, came into our office, which is at your backs, one flight up, second door to the right, and showed us an electrical device he has been working on for the last eight years. He claimed he had it perfected and that it would indicate the presence of oil on the same principal that one mineral attracts another. 'Oil is a mineral,' said he, 'and I think I've got his magnetic complements. I believe my invention will work.'"

headquarters. Here there were at least a few hotels and some sort of office quarters—sheds beneath which the shearing could take place—and there the herd assembled.

Of the men engaged in this shearing business, none perhaps, had gathered more wool in the same length of time than the two members of the firm of McWade & Stoner.

One morning McWade and his partner provided themselves with some dice and several hundred dollars in gold coin. With these they began shooting craps on the sidewalk in front of their office. Now gambling was taboo here, the spectacle of two men expensively dressed, eminently prosperous men squatting upon their heels with a stack of double eagles before them caused a sensation, and people halted to witness their impending arrest. Soon traffic was blocked.

Calvin Gray, but just arrived from Dallas, looked on at the game with some curiosity, not divining its purpose, until McWade picked the dice, then mounted a box at the curb and began, loudly:

"Now, gentlemen, this is one way of making money, but it is a foolish and hazardous way. There is a much safer, safer method, and I'm going to tell you about it. Don't pass on until you hear me, for I have a most incredible story to relate, and you'll be sorry you missed it."

There was a ripple of appreciative laughter, but the crowd pressed closer as the orator continued:

"You've all heard about these 'foodie bugs' who go around loading oil with a diving rod, haven't you? And you don't believe in them. Of course you don't. Neither do I. Now then, for the plot of my story, and it will pay you to do a week of listening in the next five minutes. A while ago an eminent scientist, unknown to me or my partner, Mr. Stoner, came into our office, which is at your backs, one flight up, second door to the right, and showed us an electrical device he has been working on for the last eight years. He claimed he had it perfected and that it would indicate the presence of oil on the same principal that one mineral attracts another. 'Oil is a mineral,' said he, 'and I think I've got his magnetic complements. I believe my invention will work.'"

"I'll bet a thousand dollars it won't," I told him. But what do you think that pilgrim did? He took me up. Then he bet another thousand that I'd made a bad bet."

McWade grinned in sympathy with the general amusement. "We arranged a thorough test. We took him, blindfolded, through the field, and believe me or not, he called the turn on forty-three wells straight and never missed it once."

McWade now introduced the mirage worker himself, and Gray rose up to see him. A moment later he smiled widely, for the eminent scientist was none other than Mr. Mallow—Mallow, a bit pallid and pasty, as if from confinement, and with eyes hidden behind dark goggles.

Gray looked on as the comedy was played out. It transpired that Professor Mallow had tested, among other properties, the newest McWade-Stoner lease, a company to drill which had just been formed under the title of "The Desert Scorpion," and he really judged from the behavior of his machine that a remarkable pool underlaid the tract.

Then McWade resumed his sway over the crowd, and soon shares in "The Desert Scorpion" were selling rapidly.

Shortly after lunch, Mallow and his two partners were seated in the office upstairs, their work done for the day. Another successful promotion had gone to the credit of McWade and Stoner; all three were in a triumphant mood.

There came a knock at the door and in answer to an invitation to enter it opened. The next instant both McWade and Stoner sat erect in their chairs with eyes alert and questioning, for at sight of the stranger Mallow had leaped to his feet with a smothered exclamation, and now stood with his back to the desk and with his head outthrust in a peculiar attitude of strained intensity.

Papermakers Hit Ball At .310 Clip To Lead State League Teams

Schultz, Fond du Lac, Is Leading Individual Hitter And Marty Lamers Leads League In Scoring

Appleton again leads the Wisconsin State league in batting, according to official averages released on Wednesday by R. C. Noe, secretary of the league. The Papermakers are batting at a .310 clip and are closely followed by Fond du Lac with an average of .307. Kaukauna, which leads the league in games won, is hitting .296 for third place.

Schultz, Fond du Lac, is the individual hitting leader with an average of .386 in six games. He has hit safely 15 times in 27 times at bat, and has scored 5 runs. Grady, Kaukauna, is in second place, clotting at the rate of .474.

Harvey Stock, Appleton, with an average of .667 is the nominal leader but he has played in only one game. Higgins, also a pitcher, was slugging the ball at .444 clip when he jumped the team.

Marty Lamers and Doc Delmore, tied at .414, are the leading hitters among the Appleton regulars. Lamers has scored more runs this year than any other player in the league. He has forced the pitcher 29 times, hit safely 12 times and scored 10 times. Delmore has scored four runs this year. T. Lamers is hitting at a .340 rate.

Durham, Oshkosh, and Zelinski, Menasha, are the leading homerun hitters, each having three to their credit. Marty Lamers and Spier of Fond du Lac each have hammered out two triples during the season. Grady of Kaukauna is the leading two base scooper. He cracked out six doubles this year. Schultz, Fond du Lac, and Durham, Oshkosh, each have hit for a total of 25 bases.

Sheboygan's players have been running wild on the sacks and are credited with 11 steals. Appleton has pilfered five sacks. Green Bay, and Briemier, Sheboygan, each have four bases this year. Marinette-Memphise has the unenviable record of the most strikeouts. Fifty-seven State Liners have been whiffed. Green Bay is a close second in this respect with 56 strikeouts in six games, an average of more than nine to a game. Forty-two papermakers have been formed in seven games.

Following are the team averages:

CLUB	A.B.	R.	H.	Ave.
Appleton	268	53	83	.310
Fond du Lac	231	40	70	.307
Kaukauna	240	39	73	.296
Oshkosh	234	39	71	.292
Green Bay	210	44	55	.262
Menasha-Memphise	246	40	55	.224
Marinette-Men.	238	25	48	.201

INDIVIDUAL AVERAGES

Player	A.B.	R.	H.	Ave.
Stock, Appleton	3	1	2	.667
O'Brien, Fond du Lac	5	0	3	.600
Schultz, Fond du Lac	27	15	58	.586
Sherbath, Green Bay	4	1	2	.500

YANKS LENGTHEN LEAD IN 7-6 WIN FROM WHITE SOX

New York Halts Slip After Third Straight Losses In Western Invasion

Chicago—The western teams of the American league came into the parks of their eastern rivals Tuesday not as a gentle breeze, but as a tearing cyclone, winning two games and coming within an ace of taking a third.

St. Louis against Philadelphia and Detroit against Washington were the two western winners, but the real thrill was furnished by the last place White Sox who frightened the New York Yankees into going ten innings, finally succumbing in a desperate effort to 6.

The Yanks having lost three straight, needed the game and they gave every ounce of their power to win. It came more than a victory to them for St. Louis with a stronger attack than the Sox, mauled Ed Rommel one of Connie Mack's stars, and won over Philadelphia 10 to 3, giving the Yanks a wider margin.

Cleveland dropped before the weak Boston Red Sox with a chance to slip into second place. They are only three points behind the Athletics who momentarily at least have lost their punch. The score was 10 to 6. The other westerner to win was Detroit, which shut out Washington and collected three runs. The victory gave Cobb's team a look in on the eastern invasion, and bunched Philadelphia, Cleveland and Detroit, gave the battle for second place in the American a more realistic turn.

The New York Giants beat the Cubs, 8 to 3, battling out a victory after Cub Bentley, the Boston star, failed to pitch winning ball and was yanked.

Brooklyn took a beating from the Pirates and relinquished second place to them. The score was 5 to 2. "Bad luck," Adolf Luque, the Cuban star, continued to laugh at his Jinx, winning his sixth game out of seven starts by allowing Boston only six hits. The score was 7 to 1. Philadelphia and St. Louis did not play.

Otto Vogel, a big right hand outfielder from the University of Illinois, joined the Cubs and made his debut against the Giants. He fanned on his first appearance up and gave away to a pinch hitter on his next trip to the plate.

The Browns went on a batting rampage against Ed Rommel of the Athletics and drove him off the hill, after piling up a big lead for Urban Shocken who held the Athletics helpless until forced to retire because of an injured finger in the seventh inning.

Kinks o' the Links by PRO SPORT VIEWS AND NEWS

Why was the stymie restored after its abolition for more than a year? This stymie was restored because it was regarded as a mistake for the United States to play a style of golf that differed from the rules that governed the game where it was founded. The opinion of those who favored a restoration of the stymie was that it represents a part of the science of the game, and that it would be a grave error to develop a style that differed with the game as played abroad.

How many times has Miss Alexa Stirling won the national championship? Miss Alexa Stirling is three national champion. She won such honors in 1916, 1919 and 1920. In 1917 and 1918, because of the war, the event to decide the national champion was not staged. In 1921 Miss Stirling was defeated in the finals by Marjorie Hollins, 5 and 4.

In stroke competition, Smith played two shots and then was unable to find his ball. He dropped another ball, played two strokes and then found his original ball. Five minutes was spent in searching for the ball, it then being regarded as lost. Has Smith the right to play the original ball without suffering a penalty?

After searching for five minutes and being unable to find the first ball, the second ball came into play the moment Smith made a stroke with it. It is never permissible to have two balls in play. Hence when Smith played his first stroke with the second ball it came into play, and continued in play, regardless of the fact that the first ball was later discovered.

MICKEY WALKER TO MEET SHADE IN NEWARK, JULY 4

New York—Mickey Walker, welterweight champion, has signed contracts to meet Dave Shade, Eddy Shevlin and Pete Latzo. It was said Tuesday night, Walker will get \$5000 for the three fights, it was said. He will meet Shade in Newark, N. J., on July 4, according to Frank Black and Harry Blaussas of Newark, the promoters. The bouts with Shevlin and Latzo will be held subsequent to the fight with Shade. The dates and places have not been set.

Chicago—The University of Chicago announced it will send a tennis team to compete in the National intercollegiate matches at Philadelphia, June 25.

Los Angeles—James Jolly, Vernon Tiger south paw pitcher was released under option to the Birmingham club of the Three B's league.

STATE LEAGUE NOTES

Gottacker made good in his first appearance on the mound for the Sheboygan Champs. He dipped the Pails in the whitewash bucket 3 to 0. Lebi's recruit hurler appears to have plenty of zip on his ball and knows how to use his curves. He kept the Neenah-Menasha bingles well scattered.

Brady celebrated his reappearance in the Neenah-Menasha lineup by getting ousted from the game following a run in with Umpire Stoney McGinn on a strike decision. Brady must have whispered something uncomplimentary in the arbitrator's ear because he was given the gate in a hurry.

Nie Gill, after playing one game with Fond du Lac, has caught on with Eddie Stump's league leading Kaukauna club. Gill is capable of playing mighty good ball when holding down an inned berth and his ability to hit the pill makes him a valuable man to have around.

Fred Beebe pitched his first full game of the season for Oshkosh on Sunday against Green Bay. He lost the decision 2 and 1 but gave plenty of evidence that he still has a good ball game or two left in his sling arm. The Oshkosh manager only allowed the Eays a half dozen bingles.

Mickel Jordan, former Manitowoc backstop, is now sporting a Green Bay uniform. The robust catcher donned the spangles for the first time last Sunday but Manager Lynch kept him on the bench. If Jordan hits like he did last year, he will give the Green Bay club the needed punch offensively.

Earl Howard, Fond du Lac's pitching ace has been touched up lively in his last two starts. Luis has lived considerable surprise around the circuit because it was figured that when the Red Sox signed the lanky hurler, he would have little trouble in bringing home the bacon.

Chief LeRoy has come back. The veteran Reds'n hurler who Chief Williams claims was playing league ball when he was a kid, stepped into the box for the M.-M. Twins last Sunday against Kaukauna and held the Stumps to a handful of hits. Costly errors behind LeRoy lost him the game 5 to 4.

Lewis, the Milwaukee boy, playing centerfield for Kaukauna, seems to have found his batting eye. In Sunday's diamond tilt against Menasha, he collected four hits in five trips to the plate. His swats were good for ten bases as he rapped out three doubles and a home run.

Bull Durham is a handy man on the Oshkosh club. The former W. I. leaguer has been on a batting spree since the opening game and home runs are his specialty. After Runke had split his finger in Sunday's game against Green Bay, Durham donned the big mitt and caught nicely behind the rubber.

Augie Ratner knows by this time what an English decision means. Ratner swapped punches with Roland Todd (the name for a fighter), one of London's fistic prides and, despite the fact that he nearly knocked the "T" out of Todd, one of those kind hearted British referees gave Todd the decision. The crowd roared its disapproval but this didn't do Ratner any good. This is just another reason why the American boxers fight shy of London when they sign up for ring arguments.

Rube Lutake is fielding superbly for the Cleveland Indians but his hitting is way below par. When the former Manitowoc third sacker was in the A. A. last season he was cracking the pill on the nose for a 300 plus batting average. However, his advent into higher company has sort of dimmed his batting eye and he isn't connecting. Of late Manager Tris Speaker has been pulling Lutake out of the game to let Larry Gardner bat for him.

A flock of press agents are using reams of paper these days putting Sheby on the map. The Dempsey-Gibbons go is less than a month off and the pencil pushers are working day and night to kick up interest in the heavy weight conflict. Every move that either of the contenders make these days is being made known to the world at large and some of the stuff sent out is the worst kind of bunk.

There is still some wild and wooly baseball spots in the good old U. S. A. Take Peoria for instance. The other day they showered Umpire Churchill of the Three I league with bottles, etc, and his uraps was fortunate to escape unmarked. Once was enough for Churchill and he resigned immediately after the game rather than to take a chance facing the Peoria fans again.

Northfield, Minn.—The University of Washington baseball team defeated Carlton college, 4 to 1.

Chicago—Thirty-five universities and colleges have entered the National intercollegiate track and field meet to be held at the University of Chicago June 15 and 16.

Chicago—The University of Chicago announced it will send a tennis team to compete in the National intercollegiate matches at Philadelphia, June 25.

Los Angeles—James Jolly, Vernon Tiger south paw pitcher was released under option to the Birmingham club of the Three B's league.

POSTPONE YEAR'S FINAL TRACK MEET BECAUSE OF EXAMS

Appreciative Track Squad Presents Coach Trezise With Silver Cup

In making his plans for the Pentathlon which he had slated for 8 o'clock Tuesday afternoon, Coach Ned Trezise and overlooked the fact that examinations are in progress at Lawrence this week, and consequently when the clock struck three only four entrants had reported at the Lawrence field. Therefore the meet has been postponed until 4:30 P. M. next Thursday.

Monday afternoon members of the 1923 track squad at Lawrence assembled in the college gymnasium, presented Coach Fred Trezise with a large loving cup in appreciation of his services to them and to the college. There were no formalities connected with the presentation. It was due chiefly to Mr. Trezise's efforts that the school had a track team this year, and the fact that the squad placed at all in the meets in which it was entered shows how effectively the coach worked in the few weeks he was given to train his men. He is counting upon the return next term of most of his present crew, and with the training they will get by starting early in the season instead of at its close, he is confident that the Blue and White will make a much better showing.

LEGION OPENS BALL SEASON ON MONDAY

Next Monday afternoon, the weather permitting, will mark the opening of the baseball season for the American Legion Twilight League. Four teams have been booked for the league up to Wednesday, but it is planned to increase this number to eight before the end of the season. Lothar Graef is manager of the First ward team, Irving Haentschel of the Fourth ward, Harvey Orbe of the Fifth ward, and Harold Scheurle of the Sixth. The opening games of the season will be staged by the First and Fourth wards at the First ward school grounds, and the Fifth and Sixth wards at the Fifth ward school grounds. Hereafter games will be played every Monday evening at the various school grounds of the city, and at Jones and Brandt park.

The lineups of the teams have not been definitely arranged.

New York—The proposed bout between Jess Willard, former heavyweight champion, and Luis Angel Firpo of South America, will be held at Boyle's thirty acres, July 12.

London — Roland Todd defeated Augie Ratner, of New York on points in a twenty round boxing match for the middleweight championship of England.

Pullman Wash.—The University of Idaho won a ten inning baseball game from Washington State college, 4 to 3.

Paid Fancy Prices

"I paid an international authority on diseases of the stomach \$1,500 and he didn't do me five cents worth of good. I have been to various Spas in Europe, as well as this country and have spent fully \$30,000 fruitlessly in search of a cure for my stomach trouble. Naturally I lost faith in any remedy for my case. My wife's brother had taken Mayr's Wonderful Remedy and praised it so highly that I tried it and am now entirely rid of that trouble." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale at all druggists. adv.

Do you know Baseball?

by Billy Evans

Questions 1—What is the shortest possible distance between the home plate and the stands or fence, that makes a legal home run?

2—Can a base runner after reaching first base turn to his left on fair ground and still be exempt from being put out?

3—Which runner is out when for some reason they pass each other on the base lines?

4—Has any American League club more than two spit-ball pitchers on its staff of twirlers?

5—What is the proper distance between the home plate and the backstop? What happens if such distance is not correct?

Answers 1—The distance from the home plate to the fence or stands must be at least 235 feet to constitute a legal home run.

2—Base runner after reaching first can turn as he pleases and be exempt from being put out, provided he make no attempt to advance.

3—A base runner is automatically out the moment he passes a preceding base runner.

4—No American League club has more than one spit-ball pitcher. Only five remain in American League.

5—The proper distance between home plate and the backstop is 90 feet. When it is less, the base runners are always given the right to advance one base if the ball comes into contact with the stand.

CONLON SHADES BOEHME IN SHEBOYGAN BATTLE

Sheboygan, Wis.—Dick Conlon, the fighting Irishman of Altoona, Pa., and Eddie Boehme of Milwaukee put on a real glove thriller in their ten round fistic engagement here Tuesday night. From start to finish they battled in a give and take offering that fairly shook the spectators out of their seats.

When the final bell sounded Conlon was deserving of a slight shade the best of the quarrel, but the margin of victory was not impressive and there were many who believed Eddie was entitled to nothing worse than an even break. However, Conlon's spurt in the closing sessions offset Boehme's early rounds' advantage. The easterner was a target for Boehme's left hook throughout and at the finish blood trickled from Dick's mouth and nose. Boehme did not sport a scratch when hostilities terminated.

The lineups of the teams have not been definitely arranged.

New York—The proposed bout between Jess Willard, former heavyweight champion, and Luis Angel Firpo of South America, will be held at Boyle's thirty acres, July 12.

Big Top Vets Hit Ball Hard This Season

New York—The consistent batting streaks of leading veterans has been a feature of the early season baseball play.

Ty Cobb, leader of the Detroit Tigers, made at least one hit in his last fourteen games, preceding that at Washington Tuesday. He was credited with only two times at bat Tuesday and got one sacrifice. Harry Hellmann, Detroit outfielder, hit safely in 21 consecutive games, ending the streak two weeks ago.

Zach Wheat, Brooklyn captain, batted safely in 20 games, failing May 31. Wally Pipp, Yankees' first baseman, had a record of hitting in 21 games to June 1.

Charley Grimm, Pittsburgh first sacker, failed to hit on May 17, after a run of blows in 25 contests.

Fred Mierkle, former New York Giant player, now at first for the Rochester International league team, ran his hitting streak through 32 games before he was checked on May 23.

Bloomington, Ind.—Indiana university won a baseball game from Purdue, 10 to 6.

DELTA IOTAS WIN FRAT LEAGUE CUP

Phi Kappa Alphas Lose Final Game Of Series, 7 To 2, Monday

The final baseball game of the Fraternity league of Lawrence college was played Monday afternoon by the Delta Iotas and the Phi Kappa Alphas at Brandt park. The Deltas won 7-2, thereby winning first place in the league, and also a large cup donated by the Appleton Sport Shop. Four hits and one error heled the Deltas Westrauf, Delta twirler, held the Phi Kaps to three hits.

to four runs in the first inning. Batteries: Phi Kappa Alpha—Chester and Wright; Delta Iota—Weinkauff and Blackburn.

Chicago—The Western Conference golf tournament will be held on the Evanston course, June 19, 20 and 21.

Bloomington, Ind.—Indiana university won a baseball game from Purdue, 10 to 6.

MERCHANTS PLAN WARM WELCOME TO MILWAUKEE MEN

Business Men Also Will Assist In Country Rural School Graduation

Plans for reception of the booster trade delegation of Milwaukee Association of Commerce and for the annual commencement program of the Outagamieco schools were made at the meeting of the executive committee of the retail trades committee of Appleton Chamber of Commerce at 4:30 Tuesday afternoon. All merchants in the city will be asked to meet the boosters at 5 o'clock Monday and to keep their stores open until 6:15 on Monday evening so that the boosters may visit the places of business in which they are interested.

Merchants have also been asked to assist in the graduation exercises of the county schools here Friday under direction of Miss Florence Jenkins. It was suggested that the merchants use a welcome to the county graduates in their advertising and that they recognize in some way these young people who are completing their courses in the county schools.

The committee authorized the placing of a banner across College-ave to welcome the Milwaukee boosters. A reception committee will be appointed within a few days and it is expected that a large delegation will meet the train due here at 5 o'clock.

Mayor Henry Reuter will give a short address of welcome in the lot opposite Conway hotel and then the visitors will disband to make inspections of the businesses in which they are interested.

The delegation will be the guests of the city for the evening and will give a band concert in the city park at 7:30. The train remains in Appleton for the night and leaves early the next morning for Hortonville where the program has been arranged for 5:30. The trip includes an inspection of cities from Milwaukee to Superior and Duluth. This is the twentieth annual trip which has been planned by the jobbers and manufacturers' committee of the Milwaukee association.

DEATHS

TILLIE HOOTMAN

Miss Tillie Hootman, 22, daughter of Mr. and Mrs. James Hootman of West DePere, died Tuesday at St. Elizabeth hospital of pneumonia. Miss Hootman was employed in Appleton. Survivors are her parents; three brothers, Peter and Edward, Appleton; John, DePere; four sisters, Margaret, Milwaukee; Lena, DePere; Mrs. George Kern and Mrs. Henry Kern, Appleton. Funeral services will be held at 9 o'clock Friday morning at the Holland church in DePere, with interment at St. Nicholas cemetery, Freedom.

MARCKS FUNERAL

The funeral of Mrs. August Marcks, who died Sunday at the home of her daughter, Mrs. Edward Fraser, 954 North Division-st, was held Tuesday afternoon from South Cicero Lutheran church at Cicero. The Rev. Paul Becken was in charge of the services. The bearers were six sons, William, August, Fred, Herman, John and George.

ZEFFERY FUNERAL

Funeral services for Mrs. Elizabeth Zeffery were held at 9 o'clock Tuesday morning from St. Mary church with burial in St. Mary cemetery. The bearers were John VanCaster, Jerry Balza, Felix Mignon, Herman Cumber, Arthur Thomas and Joseph La Fond.

Graduate At New London

Shannon Brown and Dorothy Brown, son and daughter of L. A. Brown of Marinette, formerly of Appleton, graduated this week from the high school at New London, where they formerly made their home. Mr. Brown lately moved to Marinette, where he is engaged in newspaper work.

GRANT VACATIONS TO LIBRARIAN AND HER ASSISTANT

Miss DeYoung To Visit Europe And Miss Day Will Attend School

Leave of absence was granted to Miss Florence C. Day, librarian, and Miss Mary DeYoung, assistant librarian, by the library board at its meeting Tuesday. Miss DeYoung received a six months leave which she will spend in Europe, and Miss Day will spend the summer at the summer sessions of the University of Wisconsin.

Those present at the meeting were Mrs. D. O. Kinsman, Mrs. L. C. Sleeper, William Fountain, B. W. Wells and Frank Young.

Because of an error in the original copy of the annual library report submitted to the Post-Crescent a month ago, the financial report is published again with the corrections.

SATURDAY RECESS GIVEN METAL MEN

Walkout Of Union Ends At Noon Today When Men's Terms Are Accepted

Members of the sheet metal workers' union returned to work Wednesday noon after an idleness since Saturday noon, when they left their shops in a demand for a half holiday Saturdays. All employers except one acceded to the request and notified their men to return.

The wage agreement of the union expired June 1 and the new proposal submitted to employers raised the hourly pay so that the men would receive the same amount as before, although they worked half a day less. The hourly rate formerly was 75 cents and now is 81 cents.

Members of the union walked out of their shops at noon Saturday when part of the employers refused the weekend holiday.

There's a Reason

THE PEOPLE'S AID

(The Post-Crescent herewith calls attention to the special service offered its readers through the People's Aid column. It desires to be of service in helping solve special problems vexing the public. Any matters pertaining to public service which are not satisfactory may be aired in this column.)

Public officials and persons in public life have consented to cooperate with this newspaper in answering all inquiries relating to public service, receive suggestions for the improvement thereof or to clear up any misunderstanding regarding the matter. From time to time Appleton residents

have availed themselves of this service and have profited by it.)

The Peoples Aid: While I as a taxpayer realize that the city is not in a position to expend much money at this time for the improvement of Pievee park, yet is there not some way to provide a water supply? Numerous picnics are being held there, some of them attended by hundreds, and it is a rather serious situation when there is no water to be had nearby. Couldn't the city run an aerial water pipe from a street tap into the park for summer use until a permanent arrangement is made? The city officials would win a lot of gratitude if drinking water were available on these warm days.

Answer: It is certain that the park should have water supply. The original intention was to dig a well there. If the

PERMIT BOYS TO SWIM DAILY IN "Y" TANK

Members of the boys' division of the Y. M. C. A. were granted daily use of the swimming tank until fall, effective since Monday. The younger boys will use it at 3:30 in the afternoon, the high school and intermediate boys at 4 o'clock, and the Employed Boys Brotherhood at 7:15 in the evening. Previous to Monday the boys had the privilege of using the tank every other day only.

well is not dug a service pipe ought to be run to the park. This is a matter however, in which the board of public works cannot proceed without an appropriation from the common council to cover the expense.

Theodore Berg, City Attorney
Member, Board of Public Works.

MOOSE LODGE ADOPTS SCHEDULE FOR SUMMER

Meetings of the Loyal Order of Moose will be held only twice a month during June, July and August, on the first and third Tuesday evenings. It was decided at the meeting of the lodge Tuesday evening in Pythian-Moose hall. A class of candidates was initiated.

The social committee was requested to make plans for the annual Independence day picnic at Waverly beach. Martin Luenders, delegate to the state convention at Stevens Point, gave a report.

Saturday Hours—9 A. M. to 9 P. M.

A Special Summer Feature - - We are Introducing to Appleton Women the ONE-HOUR DRESS

The Yard Goods Sections Are Giving FREE a Valuable Illustrated Book of Instructions for Making This Nationally-Known Dress

The Dress Sensation of the Year

A few months ago the "One Hour Dress" was designed by Mary Brooks Picken of the Woman's Institute of Domestic Arts and Sciences, at Scranton, Pa. This truly sensational dress can be made complete by any woman in one hour. It is proof that you can have pretty, attractive summer dresses at little cost by making them yourself.

The "One Hour Dress" idea is being introduced in cities all over the country. Leading women's stores and women's organizations are sponsoring this attractive and economical style. The yard goods sections of Pettibone's have brought the complete displays and information to Appleton.

Worn by Mae Marsh

Proof positive of the becomingness of the "One Hour Dress" is the reproduction of an oil painting by Kriehoff which is on display in the Store. This painting portrays a typical "One Hour Dress," as worn by Mae Marsh. Prominent women throughout the country have adopted this economy-frock.

Directions FREE

From the Woman's Institute we have secured a sixteen-page illustrated booklet that gives careful instructions for making this dress in ONE HOUR. Any material may be used—and the dress trimmed to suit the wearer. These booklets are free.

This New Economy-Dress can be Made of Wash Fabrics or Fine Silk Crepe in an Hour

Women who have never sewed before can complete one of these dresses in one hour—including pressing, fitting and finishing. Any material can be used. A "One Hour Dress" can be made of gingham for morning wear; of cotton wash fabrics or silk materials for afternoon use. The same pattern and instructions can be used for making children's dresses—in one hour.

Dress on Display Made in the Store

To prove the possibilities of this frock—we are displaying a "One Hour Dress" made by an employee of the store in one hour. The average woman will use from three-and-one eighth to three-and-a-half yards of material. No frock could be less expensive; and few are more becoming. No dressmaking experience is necessary—the free instruction booklet will show you how to successfully make such a dress for yourself.

FREE Instruction Books can be Secured in First Floor or Basement Fabric Sections

Complete instruction booklets can be secured FREE at any yard goods counter of the store. Ask the clerk for a "One Hour Dress" book. Completed dresses and full displays are a feature of Pettibone's new services for home dressmakers.
